

Seashell

~ 84 BMP

Verse 1

| E | Dbm | A | B

I'm a little sea shell
From Mexico bay
I used to jump and catch a little squid for my wife and kids
A little squid, a little fish, a little squid
for breakfast

I traveled the ocean
Sticking to a ship
With my friends
B-shell and D-shell

I also know a sea snail
Her mother named her Michelle
Michelle

I got raised by a tuna
And a little whale
I get along with my brothers and sisters
George, Lisa, precious seastars

Chorus

| Dbm | E | A | B

But now
But now
The oil in my soil
I cannot see
I cannot breathe
This is not a home anymore
